*Your single source solution for all of your metal needs.*

1-2

Oldcastle Metals Division is the single-source solution that you can depend on for the engineering, design, and fabrication of quality metal products, prototypes, and custom metal work.

Our reliability and attention to detail have helped make us an industry leader. Designed and engineered for strength and durability, our products range from access covers, custom racking, handrails, and more. Our engineers have state-of-the-art design and engineering capabilities utilizing Autodesk Inventor and AutoCAD software.

At Oldcastle Metals we pride ourselves on our ability to perform and deliver. We invite you to contact us to discuss your metal design, engineering, or fabrication needs. Whatever your project demands, we are prepared to ensure success.

Covers, Hatches & Grates

## STANDARD & CUSTOM COVERS-HATCHES-GRATES

*Oldcastle Metals Division fabricates high quality access covers, hatches, and grates. We fabricate standard and custom products for the Communications and Power/Energy industries.*

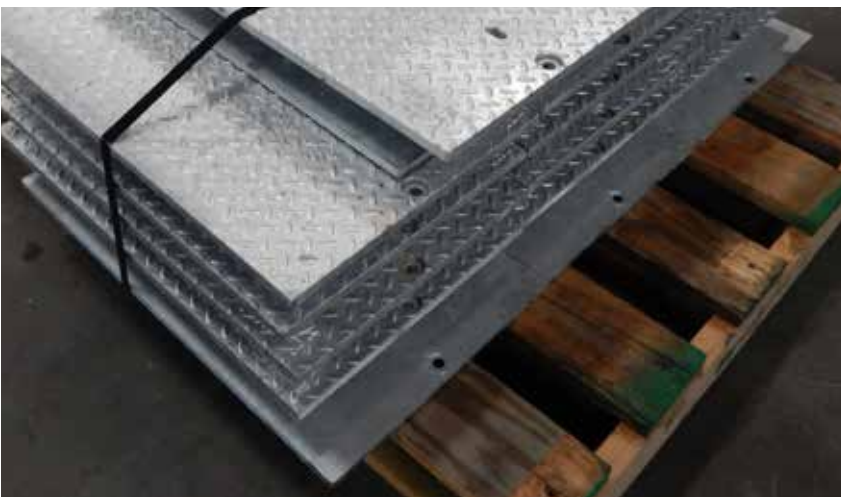

- DRAG-OFF COVER ASSEMBLIES
- HINGED COVERS (90° OR 90°-180°)
- GAS SPRING OR STRUT SPRING
- TORSION ASSIST ASSEMBLIES
- BOLT-DOWN OR QUICK RELEASE LATCH
- DIAMOND PLATE OR SLIP RESISTANT PLATE
- (AVAILABLE IN STEEL AND ALUMINUM)
- GRATING
- ADJUSTABLE OR CAST-IN FRAMES
- LOCK BOX
- DROP HANDLE
- READING LIDS
- PAINTED OR GALVANIZED
- CUSTOM MARKING OR NAME PLATES
- CUSTOM DESIGN OR PROTOTYPES
- IN-HOUSE ENGINEERING

## *Superior Craftsmanship*

*Oldcastle Metals Division specializes in the design, engineering, and fabrication of metal components for the Precast Concrete, Dry-cast Concrete, and Polymer industries. Our industry leading facilities and design technologies allow us to meet exacting tolerance requirements for flawless performance year after year. Our experienced engineering team and fabrication craftsman ensure quality fabrication in short time frames.*

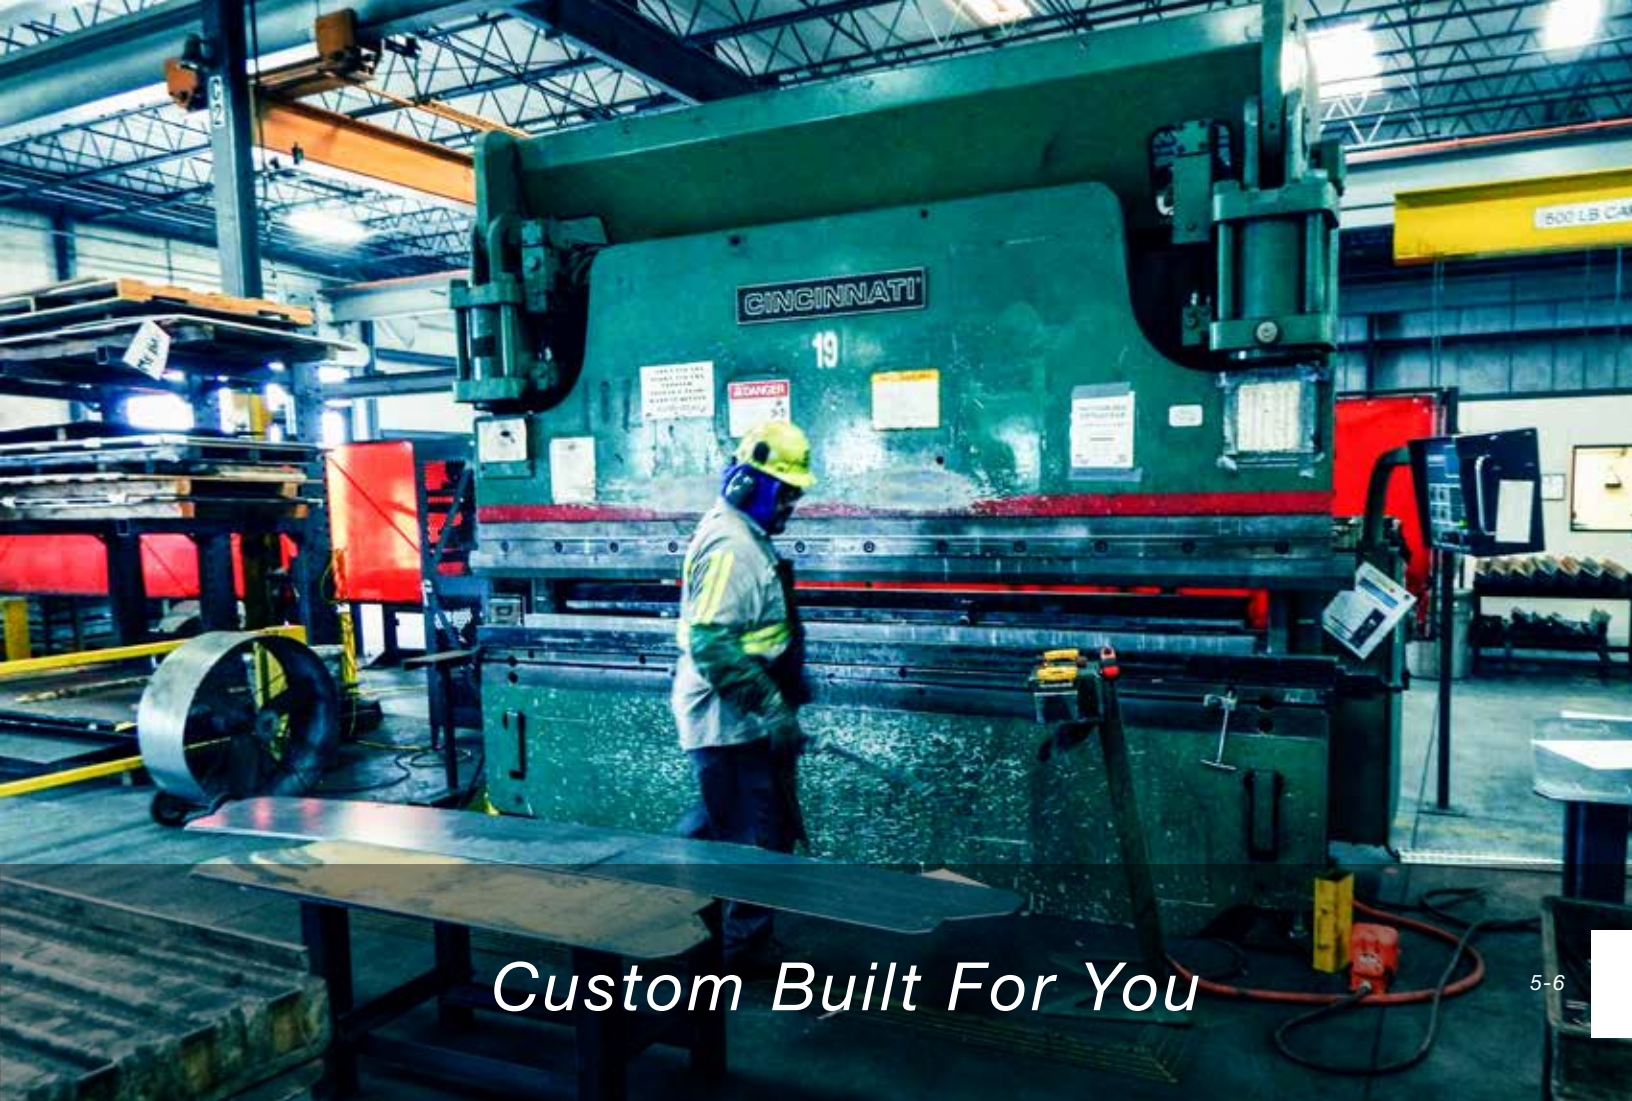

## *Custom Fabrication*

### **CUSTOM DESIGN-ENGINEERING-FABRICATION**

*Our state-of-the-art facilities enable us to be the leader in the metal fabrication industry. Our in-house design and fabrication teams will assist you in developing your ideas into reality while providing exceptional service in a timely manner.*

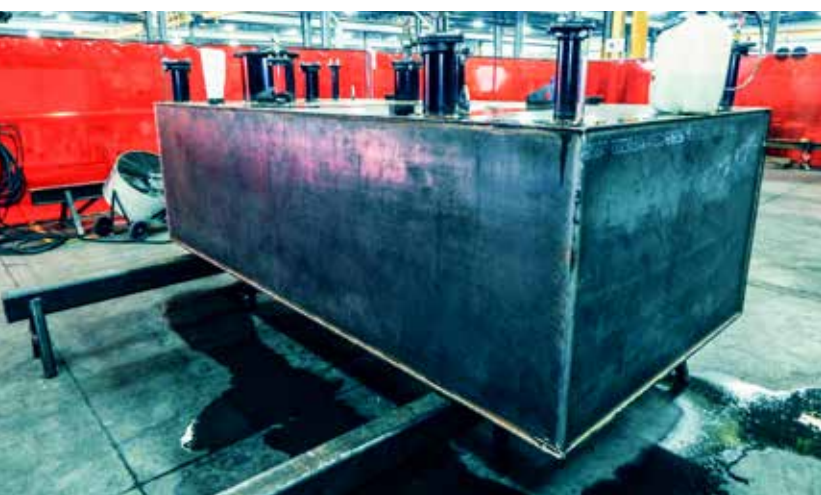

- PIPE HANGERS
- SADDLES
- STANCHIONS
- HANDRAILS
- CATWALKS
- LADDERS
- STEEL CABINETS
- COVERS
- STORAGE UNITS
- FUEL TANKS
- CUSTOM RACKING
- PROTOTYPE DESIGN
- VANDAL GUARDS
- FABRICATION IN STEEL, STAINLESS STEEL, ALUMINUM, AND EXOTIC METALS

*Custom Built For You*
