## **Supply Drive Held for Women's Crisis Services of Leflore County**

POTEAU, Oklahoma (November 2017) – Oldcastle Enclosures Solutions of Poteau, Oklahoma, one of the most innovative and largest manufacturers of enclosure products, donated supplies to Leflore County-based Women's Crisis Services providing the center with the basic hygiene products many of the women did not have.

Around the clock and all year long, organizations like the Women's Crisis Services of Leflore County serve women and families in crisis. Simply, they need to keep the supplies well-stocked to continue to serve their community.

An effective way to help is through supply drives. Having an opportunity to do something many of us take for granted, like taking a shower or having a safe place to take our children, can be a game-changer for a woman escaping a dangerous situation.

Accordingly, Oldcastle Enclosures held a supply drive for basic hygiene products. They established a contribution area inside Oldcastle Enclosure Solution's plant for all employees to furnish hygiene products. On September 9, 2017, the Women's Crisis Center came by the plant to accept the donations.

"Oldcastle Enclosure Solutions and its employees are privileged to support such a great organization," said the Poteau community team. "The Women's Crisis Center was very happy to see the number of products that had been collected by our employees."

"WCS would like to say Thank You to Oldcastle Enclosures for their donation earlier this month. We truly appreciate everything you do! Thank you and God Bless!!" said the staff at the Women's Crisis Center. "The time and effort you put into this project is greatly appreciated."
