

PAVER FRAME™

EASY INSTALLATION

OPTIMAL RESTRAINT

LONG-TERM DURABILITY

DEFINING
your landscape.

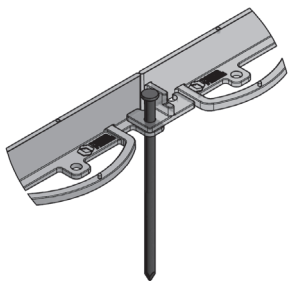

The perfect finishing touch! Paver Frame™ edge restraint makes any paver installation look like a professional installation. Paver Frame™ strips can lay straight or curved and are easy to work with. Secure hardscaping, limit the intrusion of grass and groundcover, and prevent contact with mulch to avoid the discoloration of pavers. Paver Frame™ delivers perfect horizontal and vertical alignment with quick and easy installation.

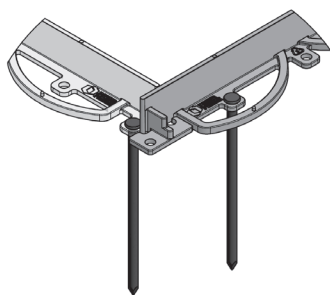

DYNAMIC

landscape design.

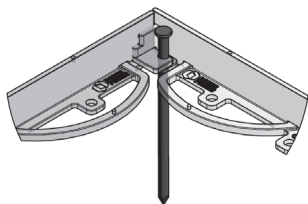

Each edge section can be joined to the next in a variety of ways; creating many design possibilities. Spikes positioned every 4 inches along the span ensure greater vertical stability and make curves easier to install.
