Water Management Product Offering Expands with Torrent Resources, Inc. Acquisition

ATLANTA, Ga. (November 12, 2019) – Oldcastle Infrastructure[™], A CRH Company, has acquired Torrent Resources, Inc. a full-service stormwater solutions provider, based in Phoenix, AZ.

Since 1972, Torrent has specialized in the construction of two stormwater infiltration systems designed for the pretreatment and recharge of excess surface water, the MaxWell® IV and the MaxWell® Plus drywell systems for deep infiltration. This new partnership builds on existing community and business relationships, while affording customers the benefits of an expanded product portfolio and capabilities.

“We welcome and look forward to working with Torrent’s employees and customers,” said Matt Clemson, Area General Manager, Oldcastle Infrastructure. “With more than 45 years’ manufacturing experience, Torrent enhances our scope and competency in the water infrastructure market, backed by best-in-class customer service.”
