Oldcastle Infrastructure Enhances Solutions Offering with National Pipe & Plastics, Inc. Acquisition

ATLANTA, Ga. (October 1, 2021) – Oldcastle Infrastructure™, A CRH Company, announced today that it has acquired National Pipe & Plastics, Inc. (“National”). National provides PVC pipe based end-to-end solutions serving the potable water, wastewater, electrical conduit, and drainage markets from two East Coast locations. The company is headquartered in Endicott, New York, with manufacturing locations in Endicott and Greensboro, North Carolina. National has served the PVC pipe market for over 50 years, establishing a strong reputation based on customer service and product quality.

The strategic addition of PVC pipe to Oldcastle Infrastructure’s offering further enables the company to provide fully integrated solutions that connect and protect critical utility infrastructure from source to consumer. Demand for PVC pipe continues to grow, supported by long-term macro trends and continually increasing market adoption. PVC pipe also has strong sustainability benefits including a long service life and recyclability potential.

“National serves the same markets and end customers as Oldcastle Infrastructure, with PVC pipe frequently being installed next to our products on the same jobsites by the same contractors,” said Jason Jackson, President of Oldcastle Infrastructure. “Combining PVC pipe with Oldcastle Infrastructure’s existing products will create a unique offering and an opportunity to provide customers with value-added end-to-end solutions.”
