

Carson[®]

NexGen Meter Pit

Multiple Depths

With/Without Lid Seat

Locking Options

**Choices
and Options**

Carson[®] NexGen meter pit provides you with the strength and durability you know and expect; with sizes and options to match your application needs and maintain your budget. Utilize a cast iron ring and cover with either body type or simplify things and fit a cover directly into our body with lid seat.

Simple solutions. Many options.

Our Carson NexGen high-strength meter pits are available in three depths and two body styles; with and without lid seat. Available with a cast iron ring and cover or, HDPE covers with AMR and locking options.

Cast iron ring and cover fit both body styles.

HDPE covers with AMR and locking options fit directly into our body with lid seat.
